FOREWORD

The Canada Grain Act provides that no railway company or vessel shall receive any western grain from any elevator or discharge any such grain into any elevator unless such elevator is licensed by the Board of Grain Commissioners. The Act also specifies the conditions by which grain dealers, track buyers or grain commission merchants must be licensed in order to engage in contracts dealing with western grain by grade name. Such elevator and dealers' licences are issued by the Board through the Licensing Division of the Statistics Branch. This office also supervises the implementation of Section 79-3 by which all such licensees must be secured by bond or otherwise for the performance of all obligations imposed upon them by the Act.

The Act sets up certain requirements which, either by themselves or by subsequent development through Board regulations, orders and administrative action, determine the location, structure, equipment and operation of the elevators and operators and the terms of reference of the dealers. These various requirements are summarized in Appendix 1 of this Publication.

EXPLANATORY NOTES

All elevators listed herein, unless marked with an "X", are licensed for the crop year 1963-64 as at August 1, 1963.

The storage capacity figures shown against each individual elevator include the elevator proper and all annexes operated in conjunction therewith that are located on the railway right-of-way as registered with the Board of Grain Commissioners for Canada.

In this publication "Eastern Division" means all that portion of Canada lying east of the meridian passing through the eastern boundary of the city of Port Arthur, and "Western Division" means all that portion of Canada lying west of the same meridian.

By authority of the Board country elevators from which rail service has been withdrawn in the course of the railways' program of branch line abandonment and as approved by the Board of Transport Commissioners, are licensed as abandoned elevators for the storage only of that grain held in those elevators at the beginning of the 1963-64 crop year or the official date of abandonment, whichever date shall be the later.

SUMMARY OF REQUIREMENTS FOR LICENCE

"Elevator" under the Act, means any premises into which western grain may be received, or out of which it may be discharged, directly from or into railway cars or vessels, and, notwithstanding anything contained in any other general or special Act, includes any such premises owned or operated by Her Majesty, either directly or through any individual, public body or company.

In compliance with the definition above and excluding those specially provided for by the Board, all elevators must be on track in the Western or Eastern Divisions. Private country elevator licences may not be issued to a firm at a point where there is no public country elevator. Track Buyers, Commission Merchants and Grain Dealers may operate only in the Western Division.

Elevator structures must conform to the requirements of the railway serving them and to the requirements of the companies insuring elevators and contents against fire and inherent explosion. They must provide proper facilities for the safe storage and handling of grain and plans for construction, reconstruction or additions must be approved by the Board.

The Board requires that elevator equipment such as scales, dockage and moisture testers, cleaners, dryers, conveyors, etc. be installed as considered necessary. Private country and mill elevators do not come under this provision. Facilities at Eastern elevators are subject to inspection at any time by an inspecting officer of the Board.

The financial standing of all licensees must be sound in order that the applicant for licence may be able to obtain the required bond and insurance coverage.

Stocks of grain in store at public country elevators must be fully covered against loss by fire at all times, while semi-public terminal and eastern elevators must be fully covered at all times against loss by inherent explosion as well as fire through insurance companies registered to do business in Canada.

All licensees, excepting eastern elevators and all elevators in British Columbia outside the Peace River district, must deduct the 1% levy from the purchase price of grain delivered to them by producers under the terms of the Prairie Farm Assistance Act.

Requirements: The various requirements governing fees, reports, procedures and operations are set out in the Canada Grain Regulations published by the Board of Grain Commissioners.

The sections following show further details of requirements by class of licence:

Public Country Elevators

Licence Fee - \$ 5.00.

Bond - Ranges from \$ 10,000 to \$ 100,000.

Obligation of Licensee - Except for grain out of condition, the manager must accept all grain offered for storage without discrimination and in the order in which it is offered, provided sufficient space is available. He shall not receive wheat into the elevator from railway cars except by order of the Board.

Private Country Elevators

Licence Fee - \$ 5.00.

Bond - Ranges from \$ 1,000 to \$ 50,000.

Cont'd.

APPENDIX 1

Private Country Elevators (Continued)

- Obligation of Licensee - The Manager, whether an individual, a co-operative association of grain growers or a company controlled by a co-operative, shall handle only such grain as belongs to him alone or the members of the co-operative, paying the producer the amount agreed upon, cash in full, at the time of purchase.

Private Terminal Elevators

- Licence Fee - \$ 25.00.
- Bond - Ranges from \$ 3,000 to the amount necessary to cover liability to producers.
- Obligation of Licensee - The manager, whether an individual, a co-operative association of grain growers or a company controlled by a co-operative, shall handle only such grain as belongs to him alone, such grain being subject to inspection by Board officials before entry into or discharge from the elevator. Grain shipped out shall not re-enter the elevator without the permission of the Chief Inspector. Stored wheat graded 1 Hard, 1 Northern, 2 Northern, 3 Northern, 1 C.W. Garnet and 2 C.W. Garnet must be binned with grain of the same grade.

Mill Elevators

- Licence Fee - \$ 5.00.
- Bond - Ranges from \$ 1,000 to the amount necessary to cover liability to producers.
- Obligation of Licensee - Must be primarily engaged in the manufacturing of his own grain only into some other product and shall not ship any grain out of his elevator unless it is weighed, inspected and graded under the Act. Wheat may be shipped only to a plant operated by him for the manufacture of grain products.

Semi-Public Terminal Elevators

- Licence Fee - \$ 25.00.
- Bond - Based on 15¢ per bushel of total storage capacity.
- Obligation of Licensee - The manager shall receive without discrimination and in order of arrival, western grain in good condition, subject to inspection by Board officials before entry into or discharge from the elevator. Grain shipped out shall not re-enter the elevator without the permission of the Chief Inspector. He may bin grain as he sees fit with the exception of wheat graded 1 Hard, 1 Northern, 2 Northern, 3 Northern, 1 C.W. Garnet and 2 C.W. Garnet which must be binned with grain of the same grade.

Eastern Elevators

- Licence Fee - \$ 25.00.
- Bond - Based on 10¢ per bushel of total storage capacity.
- Obligation of Licensee - The manager shall receive without discrimination and in order of arrival, inspected western grain in good condition, and must bin separately each lot of such grain received or, if space does not permit, must bin it with grain of a similar grade.

APPENDIX 1

Track Buyer

Licence Fee - \$ 5.00.

Bond - Ranges from \$ 5,000 to \$ 250,000.

Obligation of Licensee - The holder of this licence, or an employee acting only on behalf of the holder, may purchase western grain identified by a grade name under the act while contained in a railway box-car for cash in full payment, or payment of balance, if an advance has been made, within 24 hours after receiving his weight and grade certificates on unload and his expense bill, or within 48 hours after unload if the price depends on government weight and grade.

Commission Merchant

Licence Fee - \$ 5.00.

Bond - Ranges from \$ 5,000 to \$ 250,000.

Obligation of Licensee - The holder of this licence, or an employee acting only on behalf of the holder, may buy, sell or arrange for the weighing and inspection of western grain described by a grade name under the Act but may not have, except with the express consent of the vendor, any interest in the purchase or sale of such grain beyond his agreed remuneration. He must report the sale (sold either to himself or his principal) to the farmer of the grain purchased from such farmer within 24 hours after the transaction and must remit to the farmer the full balance due within 48 hours after unload if the price depends on government weight and grade.

Grain Dealer

Licence Fee - \$ 5.00.

Bond - Ranges from \$ 5,000 to \$ 250,000.

Obligation of Licensee - The holder of this licence, or an employee acting only on behalf of the holder, may buy western grain described by a grade name under the Act on terms other than cash in full on purchase and must pay to the vendor, on delivery of the bills of lading, the advance payment agreed upon, if any. He must pay the balance remaining within 24 hours after receiving his weight and grade certificates on unload and his railway expense bill, or within 48 hours of unload if the price depends on government weight and grade.

Note - Bracketed items indicate number and storage capacity of regular grain elevators that for various reasons are NOT licensed to receive grain from producers but which are authorized for use as Grain Storage Buildings and are included in the above figures. As at August 1, 1962, there is no licensed supplementary storage space.
